These books trace Robben Island's extraordinary metamorphosis from exile island to international icon, best known as a maximum-security prison for apartheid-era political prisoners from 1961-1991.

The books are replete with striking images, both historic and contemporary, eye-witness accounts and evocative detail unearthed by the author's extensive research through the Robben Island Museum and the Mayibuye Archives at the University of the Western Cape, the Western Cape Provincial Archives and the National Library of South Africa. The book offers a fascinating insight into the many-layered story of Robben Island and its inhabitants – both famous and long-forgotten.

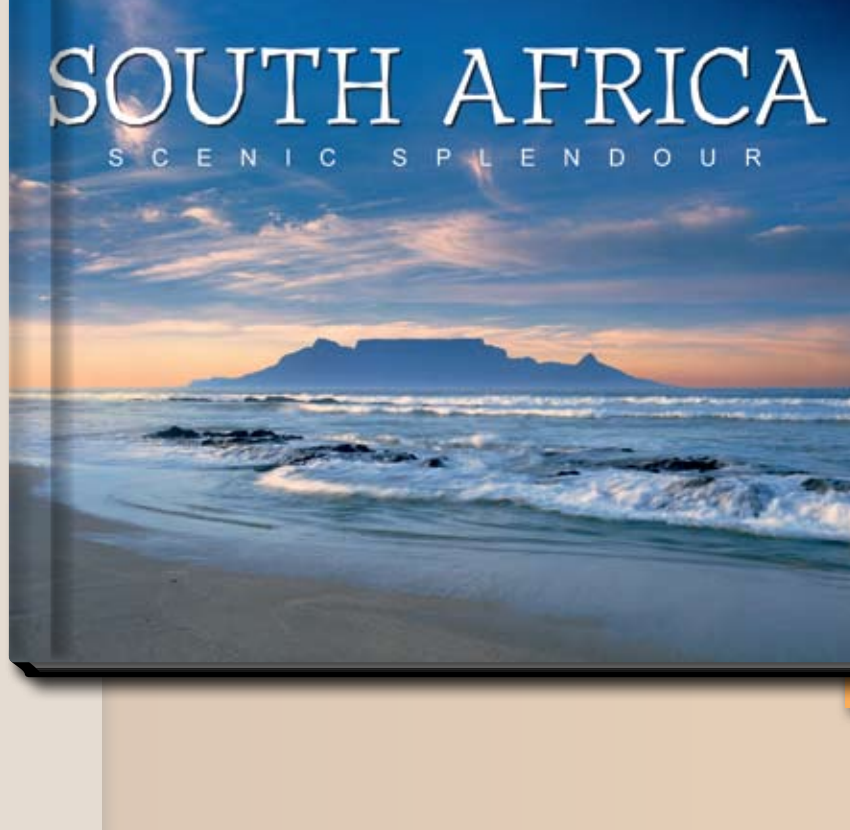

Medium Hardcover

From the aardwolf to the zebra, the stunning photographs that grace the pages of this book offer the visitor a pictorial encounter with some of South Africa's most fascinating wild animals. Turning the pages and reading the informative text, the reader will soon realise that there is always something new and exciting to discover in this thrilling country, home to the worlds largest mammal and it's tallest. This book is a wonderful memento of a visit to the South African bushveld.

Professional photographers Morne and Keturah de Klerk of Photography Life travelled around South Africa visiting soccer organisations and dropping in on teams as they found them in remarkable environments and situations. All around the country people were welcoming and friendly as they showed off their soccer skills and told them the stories behind their teams. The spirit of the game and the people always broke down any barriers that might otherwise have been.
